

Publons para Editores Reconhecimento dos Revisores

deborah.dias@clarivate.com

Setembro 2020

**Nossa missão é
acelerar a pesquisa
aproveitando o poder
de revisão por pares**

A revisão por pares é fator crítico para a maioria das revistas científicas

- dos revisores acreditam que sem a revisão por pares não haveria controle na comunicação científica - *Sense About Science Peer Review Survey*

Mas os revisores estão sob pressão

- 4 milhões de pesquisadores suportam este volume, realizando 7 milhões de avaliações a cada ano. Isso é 2,5 bilhões de dólares de revisão por pares não reconhecida a cada ano.

1. [The STM Report: An overview of scientific and scholarly journal publishing](#), STM March 2015
2. [The "Burden" of Peer Review](#), The Scholarly Kitchen

À medida que a produção de publicações aumenta, os problemas também aumentam

Grande pressão para publicar

Retrações

Publicação predatória

Riscos de revisão fraudulenta

Incentivo mínimo para revisar

Dificuldades para encontrar revisores

Baixa taxa de aceitação de revisores

Longo tempo de resposta

Estamos aqui para ajudar a resolver esses problemas

- Motivar revisores
- Fornece ferramentas para editores

Publons for Publishers

O pesquisador agora é o cliente

“Preciso fornecer uma experiência melhor para o revisor”

Revisão rápida, robusta e especializada é crítica

“Preciso de ajuda para encontrar, rastrear, contatar e motivar

What's the hardest part of being an editor?

Finding reviewers.

Publons está aqui para ajudá-lo !

1. O pesquisador agora é o cliente

Publons:

- transforma a revisão em uma atividade gratificante e em resultado de pesquisa mensurável
- envolve revisores, transformando-os em leitores, autores e revisores recorrentes
- aprimora seus serviços de pesquisador
- promove a marca da sua revista

2. Revisão rápida, robusta e especializada é crítica

Publons:

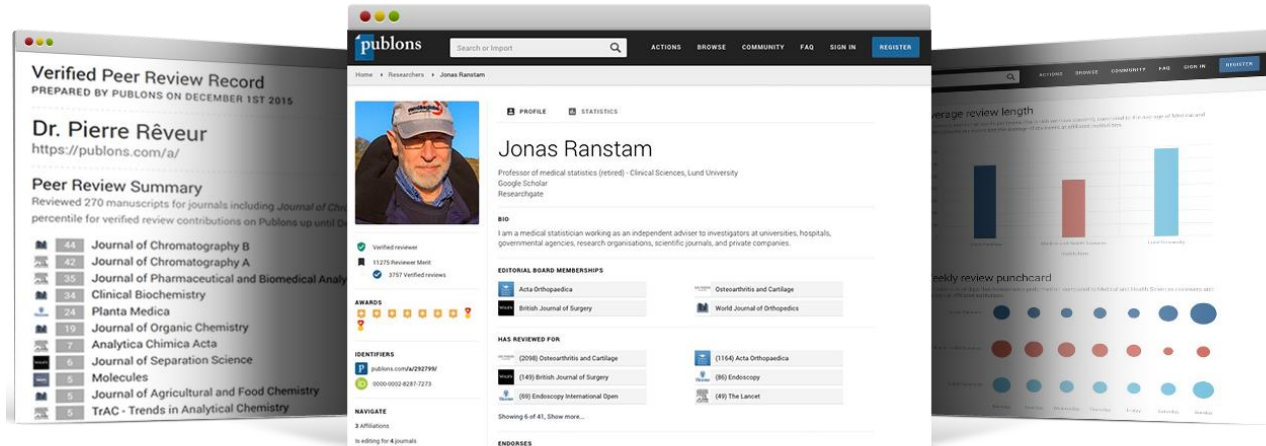

- ajuda os editores a encontrar, selecionar, contatar e motivar revisores.
- fornece insights sobre a atividade e preferências dos revisores
- Proteção contra revisão fraudulenta
- ajuda você a acelerar o processo de revisão da sua revista

Transformando a revisão em uma atividade recompensadora

Publons oferece perfis gratuitos para pesquisadores e permite que eles rastreiem, verifiquem e mostrem suas revisões por pares e contribuições editoriais em periódicos do mundo todo.

- Reconhecimento entre editores para revisão por pares
- Registro verificado de revisão e trabalho editorial
- O anonimato do revisor é mantido de acordo com a política do periódico

Public reviewer profile

Aumenta o envolvimento do pesquisador

A integração do Publons aprimora a experiência do revisor:

- Serviço de reconhecimento automatizado para revisores
- Vários pontos de contato com os revisores
- Melhora o relacionamento com revisores existentes
- Estende o envolvimento até o ponto da publicação do artigo e além.

Além disso, uma integração Publons oferece:

Uma maneira de construir a presença de seus periódicos no Publons

Oportunidades adicionais e aprimoradas de engajamento de pesquisadores.

With Publons, reviewing becomes a service for the reviewer.

The image shows a screenshot of an email notification from BMJ Open. The email is addressed to John Brown and informs him that an article he reviewed, 'Article about Science', has been published in BMJ Open on January 17th. It thanks him for his role in the manuscript's path to publication and provides a summary of the article's reception. A circular badge with the number '16' is visible. Below the email text, there is a sidebar with information about the journal 'British Journal of Radiology' (BJR), including its history, impact factor, and a list of fields. The sidebar also includes a 'VISIT JOURNAL WEBSITE' button, a 'PUBLISHED BY' section for the British Institute of Radiology, a 'REVIEW POLICY ON PUBLONS' section, and a 'REVIEWS' section showing a total of 437 reviews. Other sections include 'TOP HANDLING EDITORS ON PUBLONS', 'EDITORS ON PUBLONS', 'TOP REVIEWERS ON PUBLONS', and 'ENDORSED BY'.

BMJ Open

Dear John Brown,

We're writing to let you know that [Article about Science](#), which you reviewed and got recognition for on Publons, was published on January 17th in BMJ Open.

Thank you for playing an important role in this manuscript's path to publication.

We thought you would be interested to know how this paper has been received by the research community. Below is a summary

This email is powered by [Publons](#). You can

You are receiving this email because BMJ Publishing peer review and you signed up for a Publons account.

JOURNAL
BJR British Journal of Radiology
OFFICIAL PARTNER

ABOUT
BJR is the international research journal of the British Institute of Radiology and is the oldest scientific journal in the field of radiology and related sciences. Dating back to 1896, BJR's history is radiology's history, and the journal has featured some landmark papers such as the first description of Computed Tomography 'Computerized transverse axial tomography' by Godfrey Hounsfield in 1973. A valuable historical resource, the complete BJR archive has been digitized from 1896.
Quick Facts - 2015 Impact Factor = 1.840 - Receipt to first decision = average of 6 weeks - Acceptance to online publication = average of 3 weeks - ISSN: 0007-1226 - eISSN: 1744-880X Open Access option

JOURNAL ENDORSEMENT
[ENDORSE THIS JOURNAL](#)

Incentivando os pesquisadores a revisar e submeter manuscritos para a sua revista

"I'm more likely to submit papers to and more likely to review papers for [partnered journal]."

- Rob W. Briddon

"It was a little easier spending [the morning] on manuscript review knowing, even if comments are ignored - I still get some credit...I also believe I am much more constructive and spend more time explaining issues and offering solutions. Thanks Publons."

- Steven B. Roberts, University of Washington
Editorial Board - Scientific Data

"Publons has definitely made the reviewing process more rewarding and enjoyable!"

- Sadaf Atarod, Postdoctoral Associate - Center for Regenerative Medicine, Boston University

"Yes, I am more likely to carry out a review now. I feel that Publons does deliver on helping me get credit for peer review."

- Alex Bateman, Head of Protein Sequence Resources - EMBL European Bioinformatics Institute - Present

Likelihood of accepting an invitation to review if journal offers automated recognition through Publons

Defina um nível de privacidade adequado para sua revista

- O controle de política de revisão avançada do Publons oferece suporte a todos os tipos de revisão:
 - Open or blind
 - Published or unpublished
- Os editores usam o painel do parceiro para definir uma política de revisão específica (não requer integração).

Review policy

Choose when a reviewer may sign their name and publish review content. Changes may take a few minutes to propagate to all reviews.

Allow reviewers to display

Journal the review was carried out for

Reviewers can publish review content

Never

Authors of manuscripts

Can opt out of review publication

Reviews of manuscripts that cascade to another journal

Can be displayed once the manuscript is published

SAVE

Política padrão: Perfis de usuário só mostram nome do journal e ano. Só aparece se o manuscrito revisado já se tornou público.

Como funciona a integração: A experiencia para o revisor

Dear Pierre Revuer,

We invite you to review the following paper:

"Groundbreaking research findings that will change the world"

We have also partnered with Publons to give you the recognition you deserve for your peer review contributions. With a free Publons profile you can effortlessly track, verify and showcase your review work. If you don't have an account, sign up now so any reviews you complete can be automatically added to your profile in compliance with our journal's policies.

Regards,
Editor in Chief
